Field Marshal Paulus With Fifteen Generals Captured, Moscow Announces

OTHERS FACE DISASTER

BY HENRY C. CASSIDY
Moscow, Feb. 1.—(P)—The powerful German siege force of 330,000 men which Adolf Hitler boasted never would be ousted from Stalingrad has been almost completely liquidated and its commander, Field Marshal Friedrich Paulus, with 15 generals, has been captured, the Russians announced today.

Of the 330,000 Nazi soldiers who pushed so confidently and swiftly across the Don river last summer to seize Stalingrad and its commander, Field Marshal Friedrich Paulus, with 15 generals, has been captured, the Russians announced today.

The figure of 330,000 itself was a revision upward of the size of the siege force, the previous estimate being 220,000.

Field Marshal Paulus, whose promotion from the rank of colonel general was announced only yesterday by Berlin, thus was the commanding officer at the worst defeat Germany has suffered in Russia. He likewise was the first German field marshal in this war to break the proud tradition of the German army that generals and their superiors are never captured.

Some 44,000 Germans still clung to the blackened buildings of North Stalingrad and the shell-plattered outskirts, the Russians said, but they were cut off from supplies and the real front had swept far to the west behind them before the powerful blows of the Red army.

Tokyo Makes Broad Claim Of Sinkings

London, Feb. 1.—(P)—The Tokyo radio quoted Admiral Shigetaro Shimada, navy minister, as telling the diet today that Japanese planes sank two battleships and three cruisers off the most southerly point of the Solomons last Friday and Saturday.

In addition, he said, one battleship and one cruiser were damaged seriously.

The claims were without Allied confirmation.

The broadcast, recorded by the Associated Press, quoted Admiral Shimada as stating:

"On Jan. 29 at twilight a great enemy fleet consisting of large numbers of cruisers, battleships and destroyers was sighted west of Rennell island by our planes which carried out a surprise attack, sinking by direct hits one battleship and two cruisers while some more warships were damaged."

On the following day, he asserted, one more battleship and one more cruiser were sunk.

Three enemy fighter planes were shot down, he added.

The only Japanese losses, he said, were 10 planes.

Abandon Ceremonies At Quarryville Tuesday

Lancaster, Feb. 1.—(P)—The traditional banquet and parade by the Quarryville Slumbering Lodge of Groundhogs is off for another year at least, it was announced yesterday.

The war and serious illness of Hibernating Governor Geo. W. Hensel, Jr., have stopped the annual Feb. 2 ceremony, held to determine if the groundhog would see his shadow and retreat to his hole for six more weeks of winter.

WIN-THE-WAR PLANS BEING TRANSLATED

Early Action by President Foreseen as He Returns To the White House

FINAL STAGE BY TRAIN

BY DOUGLAS B. CORNELL
Washington, Feb. 1.—(P)—Back from his momentous trip to North Africa, President Roosevelt busied himself today in conference with Secretary Hull, congressional leaders, and other high executives.

White House officials said the chief executive looked fine upon his arrival back in the capital and apparently was not tired by his journey and the 10-day conference with Prime Minister Churchill.

Mr. Roosevelt saw Secretary Hull briefly last night and arranged an extended conference with him today. Sumner Welles, undersecretary of state, and Admiral Harold R. Stark, commanding American naval forces in European waters, were scheduled for separate discussions with the chief executive this afternoon.

Late in the day, Mr. Roosevelt arranged a meeting with house and senate leaders of both parties which Presidential Secretary Stephen Early said was for the purpose of giving them "a report on his trip and various conferences held during his trip."

Mr. Roosevelt returned to the capital last night, completing the last lap of his journey by train. After conferences with Secretaries Hull, Stimson and Knox, War Production Chairman Donald M. Nelson, and other topflight advisers, he is expected to take the steps necessary on the diplomatic, military and home fronts to put into effect the commitments made at Casablanca.

It was just seven days after the Casablanca conference ended that the president returned to the White House. Twenty-two days elapsed since he left here and became the first president ever to fly in a plane, to cross the sea, or set foot on foreign soil while the nation was at war.

President Roosevelt made the first and final stages of his circuitous trip to Casablanca by train. Most of the journey, however, was by air over seas where submarines prowled. The route he took going over was not disclosed. On the way home, he swung far to the south.

After recrossing the Atlantic, he conferred at Natal, Brazil, with President Getulio Vargas on the submarine menace and on the guarantee of future safety of both the Americas. From Natal, Mr. Roosevelt moved to Trinidad, then to Miami, where a special train waited to rush him to the capital.

The action came in the face of mounting senate opposition threatening confirmation of the former national Democratic chairman, and marked the administration's first major rebuff in the new congress.

Flynn had announced last night he was asking Mr. Roosevelt to withdraw the nomination to avoid a partisan political squabble in the senate.

The withdrawal message was at the bottom of a long list of nominations transmitted to the senate.

Flynn, whose nomination had stirred up a bitter controversy on Capitol Hill, announced last night he was asking Mr. Roosevelt to withdraw the nomination and thus avoid a political scrap on the senate floor.

Washington, Feb. 1.—(P)—American submarines operating in the Pacific have struck new and spectacular blows at Japanese shipping, the navy announced over the weekend.

Washington, Feb. 1.—(P)—Aided by Christmas shopping, retail sales in Pennsylvania during December jumped 34 per cent over November, the census bureau reported. However, the sales volume for 1942 was approximately the same as in 1941.

Washington, Feb. 1.—(P)—The Office of Price Administration ruled today against any general advance in crude oil prices, as "not justified at this time."

Washington, Feb. 1.—(P)—Support for their stand that army inductions should be halted until civilian manpower requirements are determined was sought by a group of senators today from Rear Admiral Emory S. Land.

Washington, Feb. 1.—(P)—Fuel oil consumers in six northeastern states, which have had some of the nation's most severe weather of the winter, were further restricted today, due to an acute supply shortage.

ENEMY PUSH WESTWARD IS SLOWED DOWN

Aerial Squadrons of Both Sides Active in Support Of Ground Troops In Africa

BOMBERS RAID MESSINA

BY ALFRED E. WALL
London, Feb. 1.—United States troops were stabbing at German positions in three central Tunisian sectors today in aerially screened operations that may lead to the long-awaited general offensive and the final battle for North Africa.

British forces in the Robaa area to the north met and repulsed a German attack led by 52-ton tanks, the monstrous New Mark VI's, which are shielded by seven-inch-thick armor and mount 88-millimeter guns. The British wrecked two of the Mark VI's and four lighter tanks.

The British Eighth Army moved westward again less than 35 miles from the frontier of Tunisia, following patrols which already have spearheaded into the French protectorate, further shortening the corridor left to Marshal Rommel and Col. Gen. Jurgen von Arnim.

United States and British planes supported ground troops in the fighting zones, smashed anew at Bizerte and Gabes and ranged across the Mediterranean to pound the naval base of Messina, Sicily, and points within Italy herself.

A spokesman at Allied headquarters in North Africa told of the three American attacks, one a continuing effort to regain Faid Pass, 60 miles west of Sfax, and the others directed from north and west against Maknassy, German-held rail town to the south, 33 miles from the Gulf of Gabes.

Flynn's Name Is Withdrawn By Roosevelt

Washington, Feb. 1.—(P)—President Roosevelt told Edward J. Flynn today he was complying reluctantly with a request to withdraw Flynn's nomination to be United States minister to Australia.

"Dear Ed," the president wrote in a note dated today: "Reluctantly, I am complying with your request and have withdrawn your nomination from the senate."

"I wish you would come to see me today or tomorrow."

"As ever yours," "Franklin D. Roosevelt."

The formal withdrawal was received by the senate a few minutes later.

The action came in the face of mounting senate opposition threatening confirmation of the former national Democratic chairman, and marked the administration's first major rebuff in the new congress.

Washington, Feb. 1.—(P)—Rubber Administrator William M. Jeffers told congress today that "the job of the army and navy is to fight and not to run business and direct the civilian economy."

Denying that he had called army and navy men "loafers," Jeffers charged that service officials had projected themselves into the rubber program, for which he said neither the army nor the navy was responsible.

Jeffers was called by a joint house military-naval committee to explain statements attributed to him in a speech in Baltimore last week.

Fatalities In Seattle Fire Placed At 29

Flying Match Head Blamed For Worst Disaster In Northwest History

OTHERS ARE MISSING

BY JIM THOMAS
Seattle, Wash., Feb. 1.—(P)—A match head flying from the hands of a stove repairman started the frame structure of a suburban sanatorium and brought death to at least 29 persons in the worst disaster of its kind this area ever has known.

Twenty-eight bodies have been recovered from the mucky ruin that was a refuge for old age pensioners, aged ill and a few mental cases. One other inmate died in a hospital and 17 were under treatment today for burns.

Three of the 49 patients in the building when the fire began were unaccounted for, and officials feared they, too, were dead.

The first tongues of fire flicked at a lower floor of the Lake Forest Park Sanatorium shortly after noon yesterday.

Almost in a matter of seconds the entire structure, privately operated by Miss Marjorie Westberg, was a mass of flame.

The repairman, M. R. Baird, told Prosecuting Attorney Lloyd P. Shorett, that as he finished his task of connecting an outside tank to an oil heater, he lit a match.

The head flew off, he said, landing in a pile of waste near the heater.

Many of the aged were trapped in their beds. Some had fallen against doors and beneath windows as they sought to flee.

Most of those saved were taken from the building by Jack Mullen, who lived just across the street, his 12-year-old daughter, Barbara, and his wife's uncle, Lou Monroe.

Flames drove them back before more than a few could be reached.

Ukiah, Calif., Feb. 1.—(P)—Shattered and burned almost beyond recognition, the wreckage of a naval transport plane lost with 19 aboard on a flight from Pearl Harbor to San Francisco, was found yesterday at the foot of a cliff in southern Mendocino county.

It crashed there, in a wild mountainous region, 100 miles north of San Francisco, during a storm on Jan. 21.

"There were no survivors," the navy said.

For the navy, it was a heavy loss—ten officers, including Rear Admiral Robert H. English, commander of the Pacific fleet submarine force.

War Ration Book No. 3 Ready for Printing

Washington, Feb. 1.—(P)—War Ration Book No. 3 is ready for printing but what it will be used for no one knows as yet.

Book No. 2, first of the point rationing books, will be distributed this month and used for canned goods and meats and possibly some other foods, such as butter and canned milk.

The Office of Price Administration said Book No. 3 was prepared well ahead of time because of the tremendous job of printing 150,000,000 copies, the number required for the first two books.

Those failing to carry both cards on their person "at all times" risk penalties as high as five years in prison and a \$10,000 fine.

Child Fatally Burned in Fire On Busti Road

Gene Lewis Curtis, aged 8½ years, is dead of burns and a brother two years older, Russell Allen Curtis, is a patient in the W. C. A. Hospital in Jamestown, N. Y., as the result of a tragedy which occurred in mid-afternoon Saturday at their home on the Sugar Grove-Busti road.

The boys, only children of Mr. and Mrs. Clare Curtis, were playing about the large three-car garage in which was housed the school bus driven by their father.

Mr. Curtis and another man had interrupted the task of refilling the brakes and making other repairs to the bus to go to Jamestown for additional parts.

Left alone, the boys played about the garage until their clothing became greasy covered and they decided to clean it off with a cloth and gasoline.

The younger lad opened the door of a furnace in the garage, intending to throw away the gasoline-saturated piece of cloth. Instead, it burst into flames which quickly spread to his own clothing and completely enveloped him.

In trying to assist his brother, the older lad's apparel was ignited and both ran to the house, where their mother wrapped them in rugs.

WATCH CEILING PRICES

Pittsburgh, Feb. 1.—(P)—Loran L. Lewis, chief OPA attorney here, said any customer charged more than ceiling prices for merchandise may sue the dealer for \$50 or for three times the amount of the overcharge, whichever sum is greater.

From the kitchen a narrow hallway led into the sitting room. In one corner was an old-fashioned organ on which were some

paper mache ornaments. In another corner was a rocking chair and in the other corner was a couch while a chunk wood stove was in the center of the room.

On the couch, in a half sitting position with legs on the couch Mrs. Brannon lay slumped with her head turned to the wall. On the floor lay Griffin on his right side with one arm half crooked close to his head. The shot gun and a poker lay near him.

Undertaker John Sage hastily examined the couple. Under the left breast of the woman was a gaping hole through which the charge of the shot gun had torn its way into her heart. Under her brassiere and her corset blood had clotted and frozen. Her body was stiff in death and frozen by the cold. Griffin wore an overall suit and heavy jacket. On his feet were heavy rubber overshoes akin to those worn by woodworkers. He had evidently opened his jacket before firing the gun as there was no hole in the jacket. His wound was small and round with edges somewhat jagged. Several of the shot had passed through his body and rattled in the blood soaked shirt he wore. His body too was frozen.

A search of the home was made by the authorities. The sum of nearly \$130 was found in two containers owned by the dead woman. (Turn to Page Seven)

Tags On Bills Taboo With New Governor

Harrisburg, Feb. 1.—(P)—The time-honored legislative custom of tagging favored bills of the ruling political party as "administration" measures was taboo today as Pennsylvania lawmakers gathered to start their fifth week of the current session.

"There will be no such thing as an administration bill in this session," declared Senator Weldon B. Heyburn (R-Delaware), majority floor leader in the upper chamber. "We are working for complete cooperation with no 'must' legislation on the program."

His statement also brought this comment from House Speaker Ira T. Fiss (R-Shuylers):

"We don't want to raise party issues if we can possibly avoid it."

The move to drop the practice of labeling certain proposals as "administration" bills followed Governor Martin's declaration last week before the assembly that his recommendations to the assembly contained no "must" legislation.

With legislators preparing to go into session at 9 p. m., the State Defense Council called its first meeting under supervision of its new acting director, A. Boyd Hamilton, named by Martin pending appointment of a successor to Dr. A. C. Marts who resigned to take a captaincy in the U. S. coast guard.

This anniversary, Il Duce said, occurs in "an atmosphere of iron, battle and decision."

Knox Is Well Satisfied With Pacific Tour

"Darn Good Prospects of Raid on Tokyo," Naval Secretary Says

UNDERGOES ATTACKS

San Diego, Calif., Feb. 1.—(P)—Secretary of the Navy Frank Knox has returned from an inspection trip, twice within the past two weeks was under Japanese air attack. The first attack was a short one at Espiritu Santo in the New Hebrides and the second, a much heavier one of seven hour duration, was on Guadalcanal. No casualties were reported in either attack.

"I think there are darn good prospects of an air attack on Tokyo," the secretary said at Pearl Harbor just before flying here. "But when or how it will hit I will not say, but they better get ready."

"Think the Japs will fight a tough, hard persistent war. I will not discuss strategy but will say we have just begun to fight and haven't hit our hardest blows yet."

The submarine situation in the Atlantic, however, he viewed as "a tough problem to us" and said "lots of losses are ahead there for us."

One of the state patrolmen flung himself against the door and it burst open. Entering the kitchen a table on which rested a part of a meal, a half consumed cup of coffee and some uncovered oleomargarine met the eye. On another table were some half washed dishes and a pan of dried potato parings.

From the kitchen a narrow hallway led into the sitting room. In one corner was an old-fashioned organ on which were some

paper mache ornaments. In another corner was a rocking chair and in the other corner was a couch while a chunk wood stove was in the center of the room.

Salvage Victory Pennant To Be Flown to Breeze From The Court House Pole on Thursday

"Oh, say, can you see . . . No, it will not be 'by the dawn's early light, nor will it be 'through the rockets' red glare.' Neither will it be Old Glory that we hail, but it will be a flag almost second in importance in this total war.

At 1:15 p. m. on Thursday, February 4, the Salvage Victory Pennant will rise to the top of the flag pole at the county court house. A brief suitable ceremony has been arranged which should be of interest to every citizen of Warren county, according to Wylie S. Corbett, chairman of the County Salvage Committee. The program will last for about one-half hour and every individual in the county is invited to attend.

On behalf of the Salvage Committee, Mrs. E. Pinkney Wroth will present the pennant to the county. There will be a short talk by Alexander C. Flick, Jr., outlining the facts behind the awarding of the pennant by the Pennsylvania State Salvage Committee. The Grangers will attend in a body under the leadership of the Pomona Master, Mr. Arnell Carter. Music will be provided by the Warren High School Band, and the Boy Scouts will act as color bearers and as a guard of honor.

The award of the pennant, one of the most distinguished honors in the history of Warren county, came as the result of the collection of an average per capita total of 240 pounds of salvage in the county. This record placed Warren county second in the entire state on the State Honor Roll, surpassed only by McKean county, which had an average collection of 319 pounds.

Congratulatory letters were received by the committee from many state officials.

The ceremony and the flying of the pennant from the court house mast, will be a symbol of Warren county's determination to continue its excellent record every month and every week throughout the duration of the war.

Payments are being made on the new fire equipment and it is also hoped to be able to secure enough funds to add to much needed equipment.

PRICES SPUR BUSINESS

Warren county maple syrup and sugar producers are eyeing their trees as the season for tapping their approaches and this year will undoubtedly see the greatest activity in years in the sugar bushes. Prices will be high and if the sap runs in approved fashion there should be a good yield. Warren and parts of Erie county produce many hundreds of pounds of sugar and syrup and large quantities of the products are shipped to Vermont where it reappears as "genuine Vermont Maple Sugar". The Cary Maple Sugar Company, of St. Johnsbury, Vt., has posted the following prices to govern this year: fancy 19c the pound; No. 1 18 cents; No. 2 16 cents and 15 cents for No. 3 syrup. Lack of help may hold down the quantity.

ABBOTT AND COSTELLO AT THE LIBRARY THEATRE

Bud Abbott and Lou Costello are said to have their most comical roles in Universal's "Who Done It?" now playing at the Library Theatre. The picture is described as a travesty on mystery dramas and the action takes place within the confines of a gigantic radio studio.

Romantic interest, generously supplied in the story, is furnished by Patrick Knowles and Louise Allbritton. Others in the large cast include William Gargan, Jerome Cowan, William Bendix, Mary Wickes, Don Porter, Thomas Gomez and Ludwig Stossel.

Knowles recently completed the lead opposite Irene Dunne in Gregory LaCava's comedy, "Lady In A Jam," while Porter's latest assignment was opposite Constance Bennett in "Madame Spy." Miss Allbritton, a recent recruit from the Pasadena Community Playhouse, appeared in "Danger In The Pacific" for Universal, and Gomez, veteran Broadway character actor, made his film debut in "Sherlock Holmes and the Voice of Terror." In the new film the comedy pair appear as soda jerks with ambitions to become radio writers. Their adventures begin when they become involved in a real murder.

To conclude, the hostess served a lunch.

NEW MILK SALE RULES IN EFFECT

The Federal Government's regulations on the sale and delivery of milk become effective today. They are:

- 1—Milk must be sold in quart containers except in certain cases.
- 2—Orders must be placed in advance with the company or the stockkeeper.
- 3—No milk or cream may be returned.
- 4—A 2-cent deposit on all bottles is required.

The exception to the quart container regulation is that milk in pints and half pints may be sold to hotels, restaurants, schools and other establishments where it is sold for consumption on the premises.

All milk advanced one cent per quart; cream has advanced two cents each half pint.

The order includes fresh milk, buttermilk, chocolate milk and cream.

The two-cent deposit will be returned to the purchaser when the bottle is returned to the store, or will be credited when bottles are picked up by retail drivers.

TRIBUTE TO DR. BRUCE WRIGHT

From the column "Round about Town" in the Jamestown Post-Journal, we reprint the following which will be read with interest by the many friends of the late Dr. Bruce S. Wright:

The late Rev. Dr. Bruce S. Wright, a leading figure in the Methodist Church, whose death occurred recently, will be remembered by many of our readers as a former Jamestown resident and student of J. H. S. From Los Angeles, Cal., we have received a letter signed "A friend of Bruce Wright" enclosing a copy of the memorial tribute paid Dr. Wright over the radio by Rev. George D. R. Braum at the hour that the former was to have spoken. The letter says:

"Some years ago a boy with a burning desire for a college education and a career in the ministry, left the First Methodist church of Jamestown, and your midst, to work his way through college. As years went on he became a leader in his denomination. He was sent to Europe as an exchange preacher two occasions and conducted services throughout England and Scotland. Bruce Wright grew up in Jamestown and attended the schools there."

Included in Rev. Mr. Braum's tribute appeared this passage:

"The secret of that life was a faith that believed that in every man God had implanted a spark of the Divine; and given a chance, that good would triumph. The secret was not new, Jesus had years before pointed it out, and Bruce Wright, minister of His gospel, was making verbal and real that truth. Few people knew Bruce Wright in the lighter vein. Buried like a bright nugget in more somber metals, this expression of life would come to the fore every now and then. It was expressed in little ways, when the pressure of life gave opportunity."

SHOP AND CARRY

Women proved very co-operative during the pre-Christmas season in keeping store deliveries to a minimum, the Office of Defense Transportation reports. The ODT urges that similar co-operation be continued, and offers a number of useful hints.

Prepare a shopping list in advance; buy only what you need; bring along a bag in which to carry small purchases; purchase lighter articles first so as not to have to carry heavier ones throughout the shopping trip. Try to concentrate articles that must be delivered in the same store one the same day, to minimize truck trips to your house. And for your own convenience as well as that of others, travel during off-peak hours, between 10 and 4.

Those suggestions seem reasonable.

Warren county would be grouped with Erie and Crawford counties to form the 27th congressional district under a new reapportionment plan reported to have the support of the Republican majority in the State Legislature. Unless Warren county desires to be shoved into oblivion so far as congressional representation is concerned, no time should be lost in organizing against a move to shunt the county completely out of the picture.

Milk comes only in quarts, starting today, and the dealers are required to collect a deposit without bottles. No more pints or half pints for home or retail store delivery, under an order by Secretary of Agriculture Wickard. The idea is to save bottles, manpower and delivery equipment so that distributors can pay farmers more, where necessary, without increasing the consumer price.

The death of Eli Keller, well-known resident of Warren, removes the last of the old-time harness-makers in the section. It was Mr. Keller's father, Sextus Keller, who established the Keller harness shop here probably 75 years ago. It continued in operation until 1934, when the subject of our sketch closed out the business and retired.

The nation breathed a sigh of relief when it was announced last evening that President Roosevelt had arrived safely back in the White House after participating in one of the most hazardous trips ever undertaken by a chief executive. It is hoped he may be spared the necessity of attempting another so perilous a journey.

There's an interesting report of purchases of War Savings Stamps in high schools of the county in another column of this paper. It shows that pupils in the rural sections are doing their bit in the war effort in a manner that will doubtless surprise many readers.

Washington in Wartime

By JACK STINNETT

WASHINGTON—Not many weeks ago, this column suggested that wartime government agencies use the Census Bureau in assembling statistical information on which to base the big decisions that affect our daily lives.

It would be presumptuous to say that that had anything to do with the V.P.A. decision to place its nation-wide sampling of food consumption, prices, shortages, etc., in the lap of the Census Bureau. It is, however, so far as I know, the first time that any war agency has called on Census for anything more than the now stale facts and figures that grew out of the 1940 enumeration.

The Census Bureau is one of the most efficient agencies of our government. Once every ten years, it counts a lot more than noses. The statistical data it gathers is the springboard for much of the governmental, cultural, medical, legislative and business activities in the country.

What most people don't know is that when all decennial nose-counters and tabulators have gone home, Census maintains a staff of statistical wizards that can tell you from day to day almost exactly where the center of population is, what the birth rate is doing, what happened to last year's spinach crop, what state probably will have the most illiterates in 1950, and what became of the Joads.

On a few weeks notice, Census undoubtedly could start turning the wheels of machinery that would give a truer sampling of our nation's woes and wants than all the polls put together—simply because Census has been sampling scientifically for years.

That's why it's good news to this correspondent that OPA has called upon them to produce the "Wartime Food Diary." Census is going into 53 counties in 45 states, selecting 3,000 "representative families" and asking the "lady of the house" to keep a day-to-day record of food purchases, consumption, prices, etc.

THE reports will be made frequently and will provide OPA with almost a daily picture of what is going on in the kitchens and dining-rooms of American homes. Coupled with reports from producers, wholesalers and retailers, it should leave OPA no room for forestalling regional or national shortages, surpluses, price changes, or diet deficiencies.

Whether these ailments can be corrected will depend on a number of things, over many of which OPA will have no direct control (transportation, crop failures, abnormal demands from the military forces, etc.) but being able to spot the symptoms quickly in 3,000 representative homes should go a long way toward providing immediate cures.

"I'll place my bet now that the 'Wartime Food Diary' will be one of OPA's most effective weapons in getting the job done in the war months ahead."

Hollywood Gossip

By ROBBIN COONS

HOLLYWOOD—Somebody out at Republic had a revolutionary idea. They'd make a series of pictures without a singing cowboy, by cracky. They'd make 'em with a singing cowgirl.

When I heard that, I got on my hoss and went jingle-jangle-jingle over the pass to see. That's how come I'm reporting today on Miss Anne Jeffreys, a North Carolina girl who always wanted to sing in opera and has made the grade—in the hoss variety.

"It's a start," she said, "even if it's horse opera. If I make enough money in pictures, I'm going to take five years off and study and work like mad, and try for the Met. You don't have to be so young to sing opera. You can even be 35." (Huh?)

IT WAS disappointing, sort of, that Miss Anne the Singing Cowgirl wasn't togged out in her ridin'-and-shootin' outfit. She's a beautiful blonde, blue-eyed, and looked more like a glimmer-gal than a prairie flower. She had on a fancy green dress and a fur jacket, and wore gold earrings, gold bracelet, gold wrist-watch and a finger ring with a stone an inch square.

"But I can really ride," she said, justifying her new western role. "Back home I had a pony as a child, and out here I love to ride horseback. What I'm afraid of is I won't get to ride a horse at all. I was always a tom-boy, and I

always was Tom Mix when we kids played cowboys at home."

Miss Anne, who is ve'y, ve'y Southern, hails from Goldsboro where her grandfather had a big colonial home and very strong ideas about nice S'thern girls being in the theater. That was why, Anne says, her own mother who wanted to sing in opera gave up the idea—but not for Anne. "Mamma's been behind me all the way," she says, "and my grandfather must have changed his mind about the theater because, at 86, he went to see his first movie because I was in it."

Anne's first movie was "I Married an Angel." She was one of Nelson Eddy's five sweethearts in the picture—one of the twin sisters.

JUST turned 20, Anne has been singing since she was one year old, was on the air at 10, and left high school for New York to study for opera. She won a scholarship with the Municipal Opera association and sang the lead roles in "La Traviata" and "La Boheme" and Nedda in "Pagliacci." But musical training was expensive, and she became a Powers model to finance it. Before long she was doing so well as a model that time for music was lacking, and she decided the two didn't mix. That was when she and her mother boarded a bus for Hollywood.

You'll see her first in "Calling Wild Bill Elliott" with (did you guess?) Bill Elliott and Gabby Hayes.

Columbus, Pa., at a recent home economics extension class. Everyone there agreed that they were every bit as good as those made with sugar and butter in pre-war times.

Mrs. Thelma Prendergast led a discussion on the conservation of clothes, so that more and more of our woollens can be used for uniforms for men and women in the service.

Farmers Are Interested In Repair Classes

Greater production of milk under conditions which would ordinarily mean heavy declines is the problem facing the farmer and which must be met to the greatest possible extent, Prof. F. B. Morrison, head of the Department of Animal Industry of Cornell University, told the Pennsylvania Guernsey Breeders' Association at their annual session held in connection with the three-day meetings of state-wide agricultural organizations. Faced with critical labor shortages and shortages of protein feeds, the farmer must develop changes in feeding and practices which will bring the greatest possible production of dairy products for the war effort and these can be accomplished in great part by proper feeding and elimination of every possible waste of effort and time in farm operation, the speaker declared.

Prof. Morrison insisted that tests have proved that there is no necessity for the heavy feeding of proteins according to the widely held practice, declaring that lower protein contents in feed bring satisfactory results if properly fed. He encouraged heavier feeding of available grains in balanced rations and also to feed less milk to calves in order that more production will be available for the required consumption.

Erie Strong Vincent Defeated By Warren Dragons 40-32

Over Six Hundred Fans See Dragons Battle For Ninth

Taking the crop like the precise horse whirly, the Warren Dragons gained momentum all through the contest Friday night in the final minutes hit a me-stretch fury that upset the strong Vincent Colonels of Erie to 32, before the largest crowd on this season on Beatty Gym, won their ninth victory.

Covering The Sports Front

Old-time basketball fans who haven't seen a game this year finally decided to try a look at the Dragons Friday night and came out with such expressions as "Wow!" "What a team!" and enough others to assure the locals top basketball billing for the remainder of the season.

Always with a good crowd on hand for their contests, the Dragons converted enough fans into lifelong members of the Dragon followers to need bleachers on each end of the floor for their next three home games after their performance last week.

The Strong Vincent team wasn't cracked up as too "hot" by prognosticators of the dope-bucket, but taking a chance was called it a crucial tilt and one that would be hard to beat on the hardwood. So it was—and a breath easier we can take now. In Erie they had been the number one hard luck team and Academy in previous meets had had a hard time taking them, but a blow-up occurred Thursday night when a quick glance at the paper had the Vincents drop a 52 to 26 decision to the Lions of Erie and what looked like a miscue on this side's part.

Those Colonels weren't to be fooled with, though, because they were gunning hard after that bitter battle, and when they arrived in Warren they were set for a win regardless of the locals' reputation. And they really turned one out on the heated side.

When Kolpien was forced to yank Dean Nelson in the first quarter, Warren's situation grew acute and the Colonels took advantage of the loss and played even ball right up to the end of the half. Even after that Dean didn't dare play his usual hard brand and when he was tripped up in the last quarter with two minutes to go, things looked down the dark alley for the locals.

Then was a chance for the Dragons to prove they have more than one man to replace the starters, and Dick Finley, Peterson and Hubbs drew assignments which will imbue their names in Warren basketball history for the rest of the year when they took over and held the Vincents to a lone bucket and scored one themselves.

Yes, sir, one of the old-time fans who had somehow drawn away from the local high school quints in the past few years can describe it better than your scribe when he said, "I never saw a team with such 'GO' as those boys have," and went further to brand them the best he's seen in a decade. In case you're interested, it was Ed Branch—and he knows his basketball.

Jim Urbanski will be a drawing card at the "Y" now. He finished his season with the Dragons in the Erie Vincent tilt and is playing with the Blomquists of that loop now. They expect action from Bud Matthews, too. The Dragons aren't scheduled for a home game until a week from Saturday, when they meet the Jamestown Red and Green charges. That will be a honey, too.

OLDER BOY'S LOOP OFFERS FAST GAMES

Dartmouth, coached by Dean Nelson of the Dragon Varsity, ran rampant over the Stanford crew who took orders from Nelson's running mate Dick Finley to the tune of 18 to 7 Saturday morning on the "Y" floor. McMillan and Nystrom paced the Dartmouth cagers to their first win with 6 points apiece.

Stanford started slow and were outscored in every period by the strong Dartmouth quint not once coming close to the Nelson five.

In the second game the Indians defeated the LIU outfit in an exciting tilt that wasn't decided until the final gun when Indiana copped it by 19 to 16. Bob Lundquist's proteges the Indians were led by Eckstrom with 6 points and the losers had Toyer to keep them in the running with the same number.

"Buck" Samuelson's LIU quintet were outscored all the way through but came close in the final stanza when the board read 15 to 12, but couldn't score any more than the Indians in the final period and dropped by three points.

O'Connors Drop Rocks With Late Period Go; Blom Take Struthers

The "Y" contests came through with two thrillers last Saturday with the O'Connors and Blomquists holding on to their league leads and fans awaiting the battle between the two to decide superiority.

Staying even with the mighty Irish of Sheffield, all through the first half, the Rock Cleaners lacked a good board man under their own basket and suffered defeat with their inability to control the ball. Paced to the attack by the brilliant playing of Johnny Pawk, the Rocks played on an even basis for the first quarter and racked up 9 points to the O'Connors 8, but dropped off slightly in the next stanza as the Irish' 13 counters could only be matched with 9 of their own.

Playing a stellar floor game, Bob Fitch of Sheffield controlled the Rocks board all too often and cost the Cleaners their fourth loss in five starts when he started the third period passing attack that had the Rocks befuddled. However the Cleaners pulled to within four points of them in the early part of the third, but couldn't stay there and dropped off with that period chalked up at 32 to 26 favor of Sheffield. The fourth heat was all O'Connors when they racked up 16 points to the Rocks' 11 and pinned up their fourth win against one defeat. Johnny Pawk kept the Rocks barrage going with a total of 12 points, while McAvoy with 14, Steffan at 13 and Sanford at 11 headed the cast for O'Connors.

The second game between Blomquists and Struthers had the fans in an uproar for all the first half and finally ended with the Bloms tagging one on the E's of Warren at 46 to 26.

The Struthers were close to the Furniture all through the first two sessions and holding the defense crew, kept up a terrific pace before they were nosed out at the half and 16 to 10.

Johnny Pick of the Blomquists opened up in the next stanza and the Struthers' cause was a lost one as he clipped 12 points with his accurate shooting and with the help of Bob Lundquist at 9 counters kept the Struthers quint out of reach all the time.

County Turning in Less Than A Sixth of Its Fats Quota

"Even if you have only a teaspoonful of meat drippings—save it! Warren county is turning in less than one-sixth of its fats quota," Mrs. H. W. Conatro explained to the members of the Consumer's Council for Warren county at a meeting Friday afternoon at the Defense Council office, Market street.

"We should save each month 6,418 pounds of fats, or grease left from bacon, stews, roasts, or fat meat tried out in a skillet. The fact that we have been saving less than 1,000 pounds a month means one of two things: Warren women think they don't have enough to bother saving or that they aren't trying to help win the war. I am convinced the latter is not true, so we are urging every woman to save every drop of grease, no amount is too small. Keep it in a clean empty tin can. When you have a pound, clarify it by boiling it in an equal amount of water, let it get cold. The grease will form a hard cake on the top. Sell this to your butcher. It is better to sell little amounts often, as the grease is not so valuable after it becomes rancid.

"If every woman would save 2 tablespoons of fat a week, we would make our quota."

Salvage quotas have been higher in the rural sections of Warren county. "We don't have to preach conservation to the farmers, they know how to save," said Mrs. Thelma Prendergast, home economics extension leader. Plans are being made for a Service for Victory project among the county's L-H clubs. The girls give service, either in doing a mother's work so that they may help with farm work, or in gardening, or many practical ways.

How to process tin cans is told by the Girl Scouts in 12 posters

placed in food stores in different sections of the borough, Mrs. Correll, Girl Scout leader, reported. Mrs. J. E. Pelton, from Sugar Grove, explained the tin can collecting system used there. A room behind the Post Office is open all day for people to bring their clean, flat tin cans. Then on Monday high school boys collected all the rest. Mrs. Pelton brought 260 pairs of silk stockings to Warren with her for salvage. Sugar Grove is very active in all war work.

Mrs. W. Boyd English, of Kinzua, told the primary class successfully collected tin cans for their village. Kinzua has also turned in a good quantity of silk hose and 45 pounds of fats. As the women are getting the idea, and the amounts of fats will increase.

For the present at least, women are asked to put their glass bottles and jars in their garbage cans. The disposal companies save all glass and have a machine for safely crushing it.

Women are urged to bring in more silk stockings, as another shipment will soon be made. They may be left at the Woman's club and several stores. They are shipped at frequent intervals by Metzger-Wright's who has been collecting and shipping silk stockings for some time. "Save Bones" will be probably the next salvage item.

Problem of the WIRE CAGE

BY JOHN DICKSON CARR

Chapter Eight

FRANK struck a match. The flame, which looked large in that little space, showed a copy of that morning's Daily Floodlight, a tabloid of the sensational variety.

"It certainly wasn't here three quarters of an hour ago," said Kitty, who loved worrying about such small points. "Frank will tell you that. Do you think there are tramps or thieves about?"

Nothing interested Brenda less at the moment. Hugh saw with sudden concern that her face was white.

"Thieves! I shouldn't think so," she answered, showing a sort of desperate interest in the new topic. "There's nothing to steal. I've got a spare pair of tennis shoes and a few odds and ends in one of the lockers, that's all. And then there's that, of course. But it wouldn't interest a thief."

She nodded towards a battered object in one corner, which they saw just before the match went out. It was a picnic hamper in leather, like a very large and very heavy suitcase, now neglected and beginning to be spotted with mould. Frank kicked at it, and it gave out a rattle of china. Kitty uttered a cry of dismay.

"Brenda, you ought to be ashamed of yourself! That lovely hamper, and all the wonderful china inside. It's been here since that picnic of ours last year, and it's rotting. Why don't you take it up to the house?"

"I will," said Brenda. "Today, Maria's been after me about that china too. I solemnly promise," her voice was going up—"Will that satisfy you?"

Kitty's tone changed. "Sorry to be such a nuisance, Brenda. But it is a worrying thing about that newspaper, isn't it? How could it have got here? She read the headline about it. 'PRETTY SHOP-GIRL GASED IN FLAT.' Why do they print such things?"

"Because people like 'em, old girl," said Frank coolly. "That is, if they put a bit of ginger into it. You know the sort of rot. Every typist or shop-girl is pretty, every bed-sitting-room is a flat."

"But she is pretty," argued Kitty. "Look at the picture here. Madge Sturges. Don't you think so, Frank?"

FRANK glanced at the picture before the match went out. "Not bad, Silly little fool, though. She didn't die. Attempting suicide is a felony and now she'll be in trouble with the police, and serve her right."

Without knowing why, Hugh felt a new turn had come into the conversation. There had been an air of Frank's voice, a kind of subdued triumph. Hugh felt the door. In spite of themselves, they were all closed into this musty little shed and crowded into intimacy.

"I'm interested in things like that," Frank continued. "Murders and suicides and whatnot. Murder is more interesting anyway." (Hugh had a feeling that even in the dark his eyes were gleaming with amusement.) "I say, here's a game for a rainy afternoon! We'll put it up to everybody in turn, including our criminological expert."

"Our criminological expert?" inquired Kitty. "Rowland. Didn't you know?"

Hugh was conscious of Kitty as an apologetic weight close beside him, flashing white teeth. "I'm afraid I didn't."

"Oh, yes. Ask Brenda. Though he's always been very modest in front of me, and I won't say it was because he didn't want to get the raspberry. However, here's the problem. No voting, noing. Suppose you actually were going to commit a murder—how would you do it?"

He held up one finger.

"Wait! Stop a bit. This is to be the real thing and no rot. Not one of these mathematical perfect crime things. I asked Nick the same question once. He got all excited and worked out something that may have been an absolutely wizard scheme: all about a perfect alibi; only it was so complicated that no murderer would ever be able to remember half of what he was supposed to do. When I told him so, he got very shy and said I had not

The Royal Neighbors of America will have their regular business and social meeting, Tuesday evening, February 2nd at seven-thirty. Mrs. Mary B. Slater and Miss Martha Huber will serve on the refreshments committee.

Mrs. R. C. Cederlof, Pickering street will be hostess to the Royal Bible Class, of the Bethany Lutheran church, Tuesday evening. Mrs. Melvin Sauter acting as co-hostess.

The public is again reminded of the importance of the saving of tin cans and fats. Boxes have been placed in the following stores, for discarded silk hose. Levi Epstein; B. and B. Shop; C. H. Whitaker; Leo Pinsler; as well as the Lincoln and Washington schools.

Thursday afternoon the pupils of the Lincoln School had the pleasure of seeing a young deer running between the school and the annex building out on Route Six, and across the railroad tracks. Norman Jefferson was the first pupil to get a glimpse of the deer, we hope he'll get the opportunity to capture it during the hunting season.

A recent survey indicates that an average freight train of 59 cars is started on its way in the United States every 3.7 seconds.

CREDIT IS BANNED

The Food Distribution Administration has announced that retail food merchants no longer may be given credit for unsold bakery products and all are forbidden to slice bread for their customers. The original ban on sliced bread applied only to bakers. A formal order forbidding selling bread and rolls but it has been amended to include all other bakery products such as pies, cakes and pastries. W. M. Walsh, supervisor of the administration in Western Pennsylvania says: "Sliced bread is permitted only to restaurants, institutions, commissaries, hotels and then only until March 18". Walsh explains in announcing that delicatessens and other stores are forbidden to slice bread for sales.

and summoned assistance. Her own hands were badly burned in this effort.

At the hospital it was found that young Gene was suffering severe burns about the chest and body, his clothing having been burned completely from him. He never recovered from the burns and accompanying shock, his death occurring a few minutes after midnight.

His brother, burned about the legs and back, is still in the hospital, where it is stated today his condition is "fair."

Young Gene was in the third grade of the Busti school and belonged to the Sugar Grove Sunday school. Besides his parents, he leaves his grandfather, Roy Curtis, of Jamestown, and a grandmother, Mrs. Kathryn Evinczik, of Busti; also a great-grandmother, Mrs. Martin Edin, of Sugar Grove.

Removal is being made to the family home late this afternoon and funeral services will be held tomorrow, with a private prayer service at two o'clock at the home and a service at the Busti community church at 2:30. Interment will be in the Busti cemetery.

WORRY CAUSES SUICIDE

Greensburg, Feb. 1.—(P)—Worry over a year-old tragedy is believed to have caused Nicholas Kavron, 40, to kill himself yesterday by firing a bullet into his head, said Dr. H. Albert McCormur, Westmoreland county coroner. Neighbors of the Harrison City-Manor road man said Kavron in 1942 had driven a truck loaded with a piano which slipped off and killed a brother-in-law.

The first petroleum well in the United States was opened at Titusville, Pa., on August 27, 1859.

Deaths of Farmer And Housekeepers Are Still Mysteries

(From Page One)
One was a purse and the other was a wallet. The money was given to the Undertaker to turn over to the relatives. A letter to Mrs. Brannon from a Titusville attorney demanded that she turn over money received from the sale of some cattle, which the letter said she did not own but had sold. It is thought that this probably caused the woman to worry. Griffin's pockets failed to reveal any money and it was brought out that he had been worried and had stated some days ago that he had hardly had enough to eat and that it had been with difficulty he had provided food for his team.

It was thought by Coroner Lowrey that the woman had become worried over the letter demanding the money and having been a mental case in the North Warren State Hospital at one time she became melancholy and shot herself leaning the gun against her breast and pulling the trigger with the poker. One theory advanced is that Griffin had been out feeding his stock at the time and came into the house carrying his lantern. Seeing what had taken place he sat the lantern down and gazed at the scene. Stricken with fear that he might be killed, he was troubled by his financial condition he took the shell out of the gun, reloaded the weapon and using the same poker had fired the shot into his own heart. This theory seems possibly the most probable of any advanced although no one will ever know exactly what took place in the home.

Undertaker Sage removed the bodies to his funeral home and prepared them for burial. Funeral services for both will be held Tuesday afternoon at 2:30 from the Sage Home and interment will be made in Tidoute.

Griffin was 56 years of age. He had always resided in the vicinity and was a farmer and teamster. His wife passed away 13 months ago and about six months ago Mrs. Brannon came to work for him as housekeeper. Of a happy disposition Griffin was well liked. A hard worker he was almost constantly employed. Mrs. Brannon was born in Township 58 years ago and spent most of her life in that vicinity. She was married to Elmer Brannon, now of Oil City, but had not lived together. She is survived by one daughter, Mrs. Alice Baxter, of Jackson street and two sons, Henry, of Rouseville and Robert, of Lottsville.

Enemy Push Westward Is Slowed Down

(From Page One)
United States troops supported by bombers and fighters attacked again and again in an effort to regain Faid Pass, which the Germans seized during a six-mile advance Saturday, but met heavy artillery and Stuka opposition, and at nightfall yesterday the pass was reported still in enemy hands.

The Allied spokesman said the thrusts at Maknassy were made southward from Sidi Buaid and light fighting, and eastward from a point northeast of the Allied base at Gafsa, itself some 45 miles southwest of Maknassy, this developing heavier action.

Heavily reinforced German detachments were encountered at Seneb, between Gafsa and Maknassy, it was said.

The spokesman reported at least one American reconnaissance unit bypassed Seneb, but he said it was too early to forecast the result of the action.

Nineteen enemy planes were declared shot down, others damaged around, a vessel sunk and German vehicles damaged in the aerial action over Tunisia, against a loss of five Allied aircraft.

United States headquarters in Cairo emphasized daylight attacks upon Messina by two waves of Liberator bombers of the Ninth Air Force, and the Italian high command said the damage was heavy.

A Cairo communique announced the occupation of the Port of Zuara, 60 miles west of Tripoli, and a British push westward to reestablish contact with Marshal Rommel's rear guard.

Apparently the Germans put up considerable resistance at Zuara, where Gen. Sir Bernard L. Montgomery had to move up artillery to blast out the suicide groups assigned to the delaying action there.

Aerial squadrons of both sides were active in support of ground troops in central Tunisia, where the Allies may force a showdown on Rommel's plan to join forces with Col. Gen. Jurgen von Arnim.

Bizerte's docks and Gafsa were bombed yesterday and 19 enemy planes were officially declared destroyed.

NOTICE

IN THE COURT OF COMMON PLEAS OF WARREN COUNTY, PENNSYLVANIA, SITTING IN EQUITY.

No. 20 December Term, 1942. ALBERT STEINBERG, Trustee in Bankruptcy of the Estate of PENN-FIELD, INCORPORATED, Plaintiff

VS. VICTOR R. FRITZ and JEAN-NEE H. WILLIAMS as joint tenants, with right of survivorship and not as tenants in common; GEORGE G. McLELLAN, KATH-ERINE COWLES, G. GILLESPIE MAGEE and RUTH HEATHER MAGEE as joint tenants with right of survivorship and not as tenants in common; MARY S. THOMP-SON; ELIZABETH B. LINDSAY; GRACE D. SNYDER; BERTIE F. MERRICK; RICHARD T. MAR-VIN; JENNIE E. HEILCKER; GERTRUDE S. HARVEY; ED-WARD D. EVANS and MAR-GUERITE EVANS JOHNSON as joint tenants with right of survivorship and not as tenants in common; MARY CUMMINGS; M. THERESA AUSTIN; ELIZABETH A. CURTIN; JOHN L. WIL-LIAMS and PEARL WILLIAMS; CHARLES E. STECKMAN; CAR-RIE E. STECKMAN; ACOCIE FUNK; MINNIE GOLD; NORA E. LEIT-ZELL; JENNE M. SANDS; JULIA WALTHER; BOYD M. MILLER and ANNA Z. MILLER; MARY R. RAY, Defendants.

To the above named Defendants, their heirs, devisees, executors, administrators or assigns: PLEA OF TAKE NOTICE: That Albert Steinberg, Trustee in Bankruptcy of the Estate of Penn-Field, Incorporated, did file his Bill in Equity at the above court term and number praying for a decree in partition of

ALL THAT CERTAIN piece or parcel of land situate in Southwest Township, County of Warren, State of Pennsylvania, bounded and described as follows: Commencing at the northwest corner of Tract 151 as laid out on a map of the Holland Land Company survey; thence by Tract 150 of said survey easterly 1127 feet to a point; thence by land of Nelson Farel south 99 perches to a post; thence by land now or formerly of Brewer Water & Company west 1127 feet to a post in the west line of the tract; thence along said line 99 perches to the place of beginning, containing 40 acres of land more or less.

TOGETHER with all and singular all the oil and gas wells now on the above described premises and the engines, powers, machinery, buildings, tanks, pipe lines, pull and sucker rods, tools, fittings, oil well supplies and all other accessories used and useful in the operation for oil and gas. Said Bill in Equity further averred that the above named defendants owned undivided interests in various proportions in and to the aforementioned tract as is more fully set forth in said Bill and that the Plaintiff and the Defendants hold said realty undivided as tenants in common and that, of right, the complainant is entitled to a partition thereof. That on January 28, 1943, he filed his petition with the said court had been made on all of the above named Defendants with the excep-tion of VICTOR R. FRITZ, MARY S. THOMPSON, G. GILLESPIE MAGEE, EDWARD D. EVANS, RICHARD T. MARVIN, JENNIE E. STECKMAN, L. WILLIAMS and PEARL WILLIAMS and that by reason of the difficulty in obtaining service upon all defendants he at an Order might be

on all said defendants or an Order similar to the requirements of such process by publication, according to the provisions of the acts of the General Assembly in such case made and provided; and that the court might proceed in due course to hear and determine the Bill of complaint filed by the Plaintiff.

Whereupon the said Court made the following decree: "AND NOW, to-wit: this 28th day of January, A. D. 1943, it appearing by affidavit to the satisfaction of the Court that the defendants, VICTOR R. FRITZ, MARY S. THOMPSON, G. GILLESPIE MAGEE, EDWARD D. EVANS, RICHARD T. MARVIN, JENNIE E. STECKMAN, CARRIE E. STECKMAN, JOHN L. WILLIAMS and PEARL WILLIAMS cannot, upon diligent inquiry, be found so as to be personally served with process, and it further appearing to the satisfaction of the Court that special circumstances exist in which service by publication would be more feasible upon all defendants, upon motion by WILLIAM GLASSMAN, Solicitor for Plaintiff, it is

"ORDERED and DECREED that the bill of complaint be served on all defendants by publication in the manner prescribed by law once a week for three successive weeks in the Warren Times-Mirror, a newspaper published in the County of Pennsylvania; that in default of an appearance by any parties within fifteen days after the publication of this notice, the Plaintiff be and he is authorized to take, pro confesso; and that any further process, rule, notice, order, or decree in the cause of which service shall be required, be served on the said defendants in like manner with the like period of fifteen days for appearance or compliance.

BY THE COURT: ATTEST: ADDISON WHITE, Pro." This is therefore to notify each and every one of the above named defendants, their heirs, devisees, executors, administrators or assigns that you are hereby required in accordance with the aforementioned decree, to enter a written appearance to the term and number stated herein in the office of the Prothonotary of the Court of Common Pleas of Warren County, Pennsylvania, within fifteen days after the last date of the publication of this notice, namely: February 15, 1943, specifying therein a person and place within said County where any papers, process and notice may be served upon you; and within thirty days after such service you are required to make a full and complete answer, under oath, to each and every of the averments of this Bill. If you fail in either respect, the Bill may be taken pro confesso and a decree made against you in your absence.

WILLIAM GLASSMAN, Solicitor for Plaintiff. Feb. 1-8-15-23

Propose New Shift Locally For Congress

Under a bill introduced in the House of Representatives at Harrisburg by Representative Fred P. Hare, Jr. (R-Somerset) Warren county would be shunted out of the district where it is now over into District 27. The new district would be composed of Warren, Crawford and Erie counties. Local persons who are well satisfied with the set up of District 20 in which Warren county now is with Venango, Clarion, Forest, McKean, Elk, Cameron and Potter counties oppose the change. This district is composed of counties with identical interests such as oil, lumber and tanning. If placed with Crawford and Erie counties Warren would have not one thing in common with either.

Venango county from which Congressman Leon Gavin hails would be placed with Armstrong, Clarion, Indiana, and Jefferson counties. This would undoubtedly result in Gavin's only serving one term in Congress as the lower counties would undoubtedly produce candidates.

According to dispatches from Harrisburg the new arrangement is said to have the blessing of State Republican leaders. However every effort will be made by local Republicans to halt the move. Cameron, Clinton, Elk, Forest, Lycoming, McKean, Potter and Toga counties would go to form District 18.

Smith Corners Women Sew For Red Cross

One of the most active Red Cross work units in Warren county is that at Smith Corners, where members sew only during the winter months but have the following figures to record for their accomplishments in 1942:

The unit has completed 56 bath-robe, 15 sweaters, 2 skirts, 8 nightgowns, 5 cap-mufflers, 6 helmets, 12 children's slippers, 12 women's petticoats, 9 quilts and 1 afghan. For the last named article, yarn was provided by the unit and the afghan knitted by Miss Nettie Hoag, who is blind. The total of 126 articles is one of which this group of workers may be very proud.

The next regular meeting of workers will be held February 10 at the home of Miss Florence Ward, with Mrs. Elmo Hartness furnishing the tureen luncheon. A large attendance is hoped for.

New Trip Is Enjoyed By Allegheny Hikers

The Allegheny Hiking Club's 101st trip yesterday was another enjoyable winter outing and one more new hike. The 22 hikers, including 3 new ones, started from General Joseph Warren Park and walked west on Pennsylvania Avenue and up the Beech street hill to the Yankee bush road. There they turned left and northwest to the head of Spade Hollow, turning south and going down the hollow and then west and up to the top of the hill looking towards Star Brick. Then returning east down into the hollow they ascended the side of Stone Hill to the site of the former log cabin and returned to town by the Stone Hill road, walking a total distance of six miles.

Those who attended yesterday's hike were: Ruth Anderson, Royce Black, Madeline Burgess, Frances Carlson, Patsy Chester, Mrs. Althea Correll, Elton Davis, Phyllis Devore, Kathryn Gafner, Evelyn Gaghan, Etta Gustafson, Fred A. Keller, Sam Lannen, Joanna Mackay, R. W. Mackay, George Monroe, Catherine Reed, Isaac Reed, Margaret Shannon, Jasper Shepherd, Willard Weatherly, of Warren, and Robert Cameron, of Cleveland, Ohio.

That the people of Warren and Forest counties are doing their part on the home front is evidenced in a report prepared by R. W. Mackay, chairman of the War Savings Committee of Warren and Forest counties, representing the War Savings Staff of the United States Treasury Department. The figures published herewith show that for the period of eight months from May to December, 1942, inclusive, Warren county achieved 120% of its quota and Forest county 166% in the sale of War Savings Bonds. In Warren county these sales averaged more than \$200,000 a month and in Forest county more than \$15,000.

The work of the War Savings Committee began with the Pledge for Victory Campaign in April, 1942, handled by some 800 air raid wardens and the local committee workers and the local committee has continued with other suggestions of the U. S. Treasury Department, receiving excellent cooperation from the retail merchants in the "Retailers for Victory" program during the month of July and the theatres in the "Salute to Our Heroes" in the month of September.

A large part of the sale of Series E bonds has come through the pay roll allotment plan in-

escaped damage to any extent. The mercury also took a nose dive over night. Yesterday afternoon the mercury registered 40 and at 8 o'clock with rain falling it had dropped to 35. This morning at 7 o'clock the mercury was down to 26, a drop of 14 degrees from yesterday. The wind that blew this morning carried the cool air and made walking difficult. The rain turned to snow during the night and at 4 a. m. snow began to fall. Highways were cleared by the high winds and not enough snow fell to form drifts.

HIGH WINDS BLEW

Warren and vicinity last evening had some of the highest winds that have assailed this section in some time past. The wind rose last night almost to gale proportions. Outside of taking limbs off a number of trees little damage was reported. Utility companies
